

Student Questionnaire on facilities

A. Accessibility

How much do you agree or disagree with the following statements about entering and moving around the school?

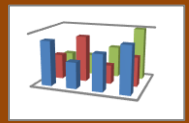

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	It is easy to get <i>to</i> the main entrance <i>from</i> the street (<i>i.e.</i> through accessible walkways).				
2.	It is easy to get <i>from</i> the inside <i>to</i> the outside of the buildings.				
3.	It is easy to get from one floor within the buildings to another.				
4.	It is easy to move along the same floor (<i>i.e. there are no congested corridors or changes in the levels in the building, which make moving around difficult</i>).				
5.	The routes or pathways <i>outside</i> the building are well signposted or easy to identify for visitors or newcomers.				
6.	The <i>main entrance</i> is well signposted or easy to identify for visitors or newcomers.				
7.	There is sufficient room to drop off and pick up students, and for others to drive through.				

B. Learning Spaces

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	There is plenty of space for me to work at my desk.				
2.	There is plenty of space for me to move around in the classroom and work with				

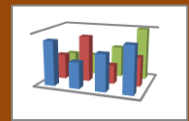

others during class.

3. I have access to functioning computers with Internet access in my classroom.
4. The learning spaces can easily be transformed to serve different purposes
5. New and emerging technologies are provided for in the learning spaces

C. Comfort

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	My lecture halls has good air circulation (<i>i.e.</i> I can breathe easily, it is not stuffy or too breezy).				
2.	The temperature in my lecture halls is comfortable in rainy season				
3.	The temperature in my lecture halls is comfortable in dry season				
4.	There is not too much noise coming from <i>inside</i> the lecture halls to disrupt my work.				
5.	There is not too much noise coming from <i>outside</i> the rooms to disrupt my work.				
6.	There is natural light from the windows.				
7.	My lecture halls have good lighting (<i>i.e.</i> it is not too dark or too bright), so that I can work comfortably.				
8.	I can sit at the desks comfortably.				
9.	The chairs are comfortable to sit on.				

D. School's appearance

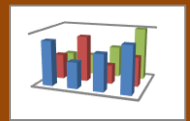

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	The <i>outside</i> of the school building is welcoming and attractive.				
2.	The <i>inside</i> of the school building is welcoming and attractive.				
3.	The lecture halls are covered in displays of student's work and other decorations, which make it look attractive.				
4.	Historical events are preserved by names given to the school buildings.				
5.	The school building is friendly to the physically challenged and students with special needs				

E. Safety and Security

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	I feel safe in the school.				
2.	I feel safe in the school grounds.				
3.	There are secure lockers in which I can store my belongings.				
4.	In the case of an emergency, I know how to set off the fire alarm.				
5.	In the case of an emergency, I know how to find emergency exits.				
6.	There are fire extinguishers at strategic positions in the school				
7.	There are adequate sand buckets at strategic places in the school compound and buildings				

F. Maintenance

Tick (✓) as appropriate

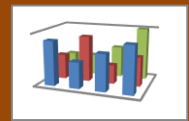

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	My lecture halls are clean.				
2.	The school buildings and grounds are generally clean.				
3.	My lecture halls are in good physical condition (<i>i.e.</i> wall paint and floor coverings are not damaged, windows and doors function correctly and the ceiling does not leak).				
4.	The school buildings and grounds are well maintained (<i>i.e.</i> wall paint and floor coverings are in good condition, windows and doors function correctly and the ceiling does not leak).				
5.	The toilet spaces are clean and functional.				

G. Environmental sustainability

The following environmentally-friendly spaces or devices are available at your school.

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	Spaces for separating waste in the lecture halls (<i>e.g.</i> paper) exist.				
2.	Spaces for separating waste outside the classroom (<i>e.g.</i> paper, glass, plastic, biodegradables) exist.				
3.	Water saving devices or spaces (<i>e.g.</i> automatic shut off taps, dual flush toilets, rainwater collection tanks) exist.				
4.	Energy saving devices or spaces (<i>e.g.</i> motion detectors for lights in lecture hall, solar panels) exist.				

5. Spaces used by the students in lessons (e.g. meters to monitor energy consumption, ecological/horticultural spaces) exist.
6. Most students are interested in taking steps to [to green the school] reduce the school's negative impact on the environment
7. Most teaching staff are interested in taking steps to [to green the school] reduce the school's negative impact on the environment.
8. My community is interested in taking steps to [to green the school] reduce the school's negative impact on the environment.
9. I try to [to green my home] reduce my own negative impact on the environment.

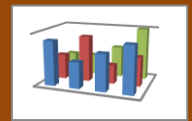

Teaching Staff Questionnaire on facility

Please list the space(s) that you currently use for teaching (e.g. *regular* lecture halls, *computer laboratory*, *science laboratory*, *library*, *gymnasium* or *sports spaces*).

A. Teaching spaces

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	The spaces in general are large enough to accommodate the number of students being taught.				
2.	Furniture can be easily moved and arranged to accommodate different learning activities (e.g. activities in large or small groups; seating arrangements in circles, rows or groups).				
3.	There are different areas for students to pursue different learning activities (e.g. quiet space for individual study or reading; space for computer work; space				

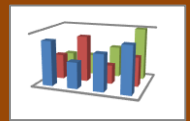

- for group work).
4. The physical layout of the lecture halls allow for new methods and teaching practices.
 5. There are areas where students' work can be displayed (*e.g.* wall boards).
 6. There is enough storage space for teaching materials and students' work.
 7. There is enough space for me to work at my desk or move around when teaching.
 8. Students have adequate access to functioning computers, with Internet.
 9. I can use electronic equipment - such as video projector, DVDs and projection screens.
 10. The school is accessible for students with special needs, especially drop-off points.
 11. Lecture halls are accessible for students with special needs.
 12. lecture halls are equipped for students with special needs.
 13. There is enough space in the school to carry out work outside teaching time.
 14. There is enough space to hold meetings between staff or with parents.
 15. There are functioning computers to help me complete work outside teaching time.
 16. The staff room is a comfortable area for teaching staff.

B. Comfort

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	The lecture hall have good air circulation (<i>i.e.</i> I can breathe easily, it is not stuffy or too breezy).				
2.	The temperature in the classroom is comfortable in rainy season.				
3.	The temperature in the lecture hall is comfortable in dry season.				
4.	I can control ventilation and temperature in the lecture hall (<i>i.e.</i> you can open and close windows; switch on fans, air				

- conditioners).
5. Sound echoe is too much in the classroom.
 6. (When students are quiet) I have to raise my voice to ensure that students hear me at the back of the lecture hall.
 7. Noise from outside the lecture hall does not disrupt student learning.
 8. The lecture hall has good lighting (*i.e.* it is not too dark or too bright; there is no glare), so that I can teach and see students and their work without difficulty.
 9. I can control lighting in the lecture halls (*i.e.* you can turn the lights on and off, open and close shutters/blinds to control natural light).

C. School's appearance

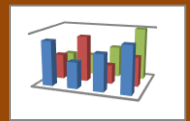

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	The <i>outside</i> of the school building is welcoming and attractive.				
2.	The <i>inside</i> of the school building is welcoming and attractive.				
3.	The school building conveys to the community the importance of learning.				
4.	The school buildings convey to the students some importance historical occurences				

D. Safety and security

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	I feel safe in the school.				
2.	I feel safe in the school grounds.				
3.	There are secure lockers in which I can store my belongings.				

4. In the case of an emergency, I know how to set off the fire alarm.
5. In the case of an emergency, I know how to find emergency exits.
6. There are fire extinguishers at strategic positions in the school
7. There are adequate sand buckets at strategic places in the school compound and buildings

E. Maintenance

Tick (✓) as appropriate

S/N	Items	Strongly agree	Agree	Disagree	Strongly disagree
1.	Lecture halls are clean.				
2.	The school building and grounds generally are clean.				
3.	Lecture halls are well maintained (<i>i.e.</i> wall paint and floor coverings are in good condition, windows and doors function correctly and the ceiling does not leak).				
4.	The school buildings and grounds are well maintained (<i>i.e.</i> wall paint and floor coverings are in good condition, windows and doors function correctly and the ceiling does not leak).				
5.	The toilet spaces for staff are clean and functional.
